

The moment you've been waiting for!

Jane Stevens

After thousands of calculations and comparisons, the following list has been made especially for you. The numbers after each name represent that person's locker, homeroom or phone number (if they provided one), their grade, your percentage of compatibility with them and their percentage of compatibility with you; ranging from a perfect match of 100%, to a perfect dud of 0%.

Most likely faculty friends

(95 possible matches in your school)
